

## **Dr. Jyothi Raghuram**

Senior Consultant - General Pediatrics & Pediatric Rheumatology

### Overview

Dr. Jyothi Raghuram is a very popular and leading Family centric Pediatrician, practicing in Marathalli and at the best maternity hospital in Whitefield for more than a decade. She has over 17 years of experience in General Pediatrics and 7 years of experience in Pediatric Rheumatology.

Her primary areas of focus are Ambulatory Pediatrics, General Health, and Preventive checks from newborns till 18 years of age. The complete gamut of General Pediatric care, Growth & development, Essential Newborn care, Infectious disease, and Seasonal illness is comprehensively covered under her leadership and Aster Whitefield.

Family-centered care with a special focus on Community Outreach, Parental education, and Counselling to distressed children and extended family is her forte.

Her special interest in Pediatric Rheumatology led to advance her training in this sub-specialty from the best centers in India and abroad. She is an expert in the work-up and treatment of children with Rheumatological issues that include arthritis, myositis, Connective tissue disorders, prolonged fever, auto-immune and auto-inflammatory conditions. These children generally have chronic conditions that need regular follow-up and long-term Multidisciplinary care. As a Pediatric Rheumatologist, she is the anchorperson who coordinates the care and management of children with rheumatological illness
