

Dr Mansi Jaysal

Head of Education, Communications and PR, Charlie's Animal Rescue Centre

Dr Mansi is a Public Health Dentist by training, however her heart has always been in the field of animal welfare. She has been a part of Care since its inception in 2013, building their social media presence, establishing the volunteering program, conducting outreach events, grant writing and fundraising. She also heads the education wing of CARE, delivering hundreds of talks on kindness, compassion and responsible pet companionship in the last decade.

She is also a Tedx Speaker, who believes that her sense of purpose is to be the voice of animals and foster kindness for them in the hearts of her fellow humans.

With over a decade of experience rescuing, fostering and finding homes for animals, she has utilized her communication and writing skills to build the presence of CARE as an organisation, helping in fundraising and representation of not only the work that CARE does, but also advocacy of animal welfare in general.

Topic : Taking Care of our Furry Friends - inside and outside our homes.

This session will cover the importance and value of kindness and compassion towards all beings and the impact it has on our lives.
